

Software Users Reveal Top 6 Most Satisfying Vendors in Accounting Software

Accounting software users name FreshBooks, Passport, Accounting Seed, Sage Intacct, AccountMate and Zoho Books as the 2019 Data Quadrant Award winners through SoftwareReviews.

TORONTO (PRWEB) SEPTEMBER 17, 2019 SoftwareReviews, a division of world-class IT research and consulting firm Info-Tech Research Group, has published its 2019 [accounting software Data Quadrant Awards](#), naming the following six gold medalists based on customer reviews:

- FreshBooks
- Passport
- Accounting Seed
- Sage Intacct
- AccountMate
- Zoho Books

Customer data, captured by unbiased user reviews and reflected in the data quadrant, shows that the clear leaders in providing tremendous value for customers did so through exceptional vendor capabilities. FreshBooks came up number one in satisfaction for breadth and quality of features, ease of data integration and ease of implementation. Passport is top product for ease of customization, while users said Accounting Seed is number one for vendor support, product strategy, and rate of improvement. AccountMate is number one for availability and quality of training, ease of IT administration, usability and intuitiveness. Zoho Books came in second for quality of features and ease of IT administration, while Sage Intacct took the number three spot for budgeting forecasting, and the number four spot for cost revenue tracking.
