Infor F9

Product Description

Infor F9 is a powerful **financial reporting and analysis solution** that provides speed, flexibility, and ease of use to more than 30,000 customers worldwide using over **150 general ledgers, including AccountMate.**

Infor F9 **dynamically links** your general ledger data to Microsoft Excel, and rapidly presents a **real-time view of business information** with just the push of a button. **No exports or manual entries** are required, eliminating labor-intensive reporting and giving you more time to analyze data and focus on strategic planning.

Company Profile

F9 is proud to be an independent business unit of Infor, the third largest provider of enterprise applications and services, helping 70,000 customers in 164 countries improve operations, drive growth, and quickly adapt to changes in business demands. Established in 1988, F9 provides comprehensive financial reporting and analytics software worldwide.

Third party software included on this site has not been tested and is not endorsed by AccountMate Software. Technical support, warranties, and compatibility are the responsibility of the issuing company.
