

Canadian Payroll - Acclaim, Clarity, Harmony

Product Description

Acclaim is Paymate's cost-effective and comprehensive on-premise payroll solution for small- to medium-sized businesses in Canada. With a user-friendly interface and all the features you need to run payroll, Acclaim is a small package that can have a large impact on your payroll.

Clarity is Paymate's on-premise payroll and human resources solution for medium- to large-sized businesses. With robust reporting and the ability to script your payroll categories, Clarity can be easily customized to fit your requirements.

Harmony is Paymate's hosted payroll and human resources solution for businesses of all sizes. With your data stored on the cloud, you can easily do your payroll anywhere, any time with an internet connection. Harmony includes a user-friendly payroll wizard to guide you throughout the payroll process, checking and balancing everything to make sure all steps are complete.

No matter which product AccountMate clients use for Canadian payroll, once you've committed your data to history, you can easily create and export your general ledger entries before importing them directly into AccountMate.

Company Profile

Paymate Software has been providing businesses of all sizes with cost-effective payroll and HR solutions for over 30 years. Our solutions can be easily customized to fit most needs in any industry. Paymate offers simple and reliable software solutions that integrate with AccountMate for easy transferring of your general ledger records. With modules for Canadian payroll, time & attendance, and human resources, you can easily pick and choose only the modules you need in both our on-premise and hosted products!

Third party software included on this site has not been tested and is not endorsed by AccountMate Software. Technical support, warranties, and compatibility are the responsibility of the issuing company.
