Company Profile

At Sentric, we've been processing payroll since 1994 and prioritizing people for just as long. Though we began as a payroll provider, we've since used our expertise to create a complete HR and payroll solution with industry-leading technology.

As we've evolved over the past 25 years, our commitment to people and award-winning service hasn't gone anywhere. Neither have our clients, some of whom have been with us from the very beginning and continue to experience first-hand how we make people management easier.
