ShipIt for AccountMate

Product Description

Our newest Shipping Solution for AccountMate integrates all Shipments and Invoices seamlessly via web connector to ShipStation, which is one of the most robust and popular cloud shipping solutions on the market- both easy to use yet extremely powerful.

This integration sends all Orders and Shipment information from AccountMate to Shipstation, where the user can process the packages, print labels, shop for the best rates, and even allows for users to utilize a mobile iOS or Android device to process and print labels.

Over 100,000 ERP and eCommerce merchants choose ShipStation , since no other shipping software makes Order Fulfillment quicker, easier and more affordable.

- No AccountMate forms to modify or SourceCode as all are integrated through SQL database
- Single .dll service running on the same SQL server that AccountMate is installed
- No need to install local Workstation Software
- We support any carriers that ShipStation does i.e. UPS, FedEx, USPS, DHL, Purolator, Canada Post, and many more
